INSPIRATIONS®

A LUXURIOUS COLLECTION OF
NATURAL BATH + BODY PRODUCTS

FALL/WINTER 2023

**JULIE EKELUND,
FOUNDER
NATURAL
INSPIRATIONS**

OUR STORY

I LOVE taking baths – it is where I can truly relax and do my best thinking. Bathing induces feelings of comfort and self-care, and allows your mind, and subsequently your body, to relax. With a busy career and an active family, my bath ritual has always been my treasured place and time to clear my mind and find a calm focus.

It was during one of these baths that I decided to make a change in my life. At the time, I was working for a well-known bath + body company. The movement towards natural ingredients in body care products was beginning to gain momentum. The concept was great, but the rich lather, luxurious feel and beautiful fragrances I loved in my body care products was missing from these natural products.

I believed there had to be a way to reimagine better body care products for the future. That belief became life-changing when at the height of a corporate career, with 3 kids in college, I decided to start on a new journey. My mission became: To create natural, luxurious bath and body products that support a healthy lifestyle.

Sounds easy – right? I left my corporate job and gathered a group of talented people together that shared my vision. Our goal was to eliminate ingredients like parabens, sulfates, phthalates, and synthetic dyes in our products; but to keep the rich lather and luxurious feel and fragrance.

There were lots of starts and stops in the two years that it took to develop Natural Inspirations.

With the generous help from a lot of people—family, friends, co-workers, suppliers, formulators and experts; my dream of a natural, luxurious line of bath + body products was born.

Today, Natural Inspirations is available in spas, boutiques, resorts, and specialty stores across the US and Canada. We have over 100 luxurious, indulgent, skin-loving products that pamper and delight; and I'm proud to say we celebrated our 10th anniversary this year.

We are a women-owned and operated small business and manufacture all our products in the USA. I am so fortunate to have my daughter share in this commitment and work by my side as our Creative Director. She has spent much of her career working with brands that focus on health + wellness and now brings that expertise to Natural Inspirations. I am thankful that I get to go to work every day to do something I love, with people who share my passion.

**BROOKE EKELUND,
CREATIVE DIRECTOR**

Customers become very loyal knowing they are buying a quality product that isn't full of harsh chemicals. I recently had a gentleman come in, he was 6'5" and wearing a Santa suit. He requested NI Sea Salt Citrus Foot Balm. He said it was the only product that worked on his dry, cracked feet. This particular Santa became a regular and I make sure Sea Salt Citrus Foot Balm is in stock all year long.

We're in a small town in Texas and when something catches on it's a chain reaction – they all buy it. Your Dry Oil has gone crazy! I can't keep it in stock right now and am ordering weekly! The ladies are buying it for themselves, for their friends and are even giving it as teacher's gifts! Thank you for shipping so quickly.

This is such a beautiful lavender fragrance. It has the right balance of the natural essential lavender oil along with other complimentary notes. I am a big fan of the hand crèmes as they absorb quickly and noticeably provide moisture.

Everybody that tries Natural Inspirations loves it and buys it! We keep our Testers at the customer counter and when a customer checks out, we have them try it – we even put it on their hands for them. Nearly every time they tell us to add it to their purchase. If they don't buy right then, they usually buy it when they are in the store again.
