

PORTFOLIO 2025

Banyan Trees are unique in that the limbs reach far beyond its base, and in doing so, drop new roots. Each new extension forms a supporting trunk, allowing the branch to extend much farther than you could ever imagine.

Banyan Designs started with a simple passion for beautiful art, and we've been able to branch out into new directions. We've added new categories, supported by friends, family, and customers who have joined us on this wonderful journey.

To all the old friends and the new ones we have yet to meet, join us "Under the Canopy." We'll bring the drinks.

Dave & Crystal

Art + Collections

Banyan Art Collections are made of hand-painted canvas, hand-painted wood, giclée prints, hand embellished canvas, and fine art prints framed in specialty frames.

Coastal

We love the coast, all of it. From the open skies, to the taste of salt in the air. We have over 200 great coastal images to bring you back to that special place.

Lake Country

This collection designed for those who love the relaxed lake lifestyle. So we created this collection using softer color palettes and lighter toned framing options.

Birds

You may think we have an inordinate love of birds (we actually don't), but we do love great-selling art, and birds consistently rank among our top sellers. If you have not tried this collection, we strongly encourage you to do so.

And So Much More

There's so much more to see at banyandesignslimited.com

Welcome to Banyans Designs catalog, showcasing just some of our newest Collection.

This portfolio makes it easy to see what we bring to the market and may help explain why Banyan Designs is one of the fastest-growing art and accessories companies in the market today.

If you and your floor staff are not excited about your art and accessories program, then we encourage you to spend 20 minutes at our new High Point or Atlanta showrooms or visit the complete line at banyandesignslimited.com. We will give you a reason to be excited about markets and accessories again.

- **Our newest High Point showroom in the IHFC BUILDING 3rd floor space H333.**

(H333 - top of the escalator on your left)

- **Our newest Atlanta showroom in the BUILDING 1 - 11th floor space E14.**

(E14 - top of the escalator on your right)

- **NEW COLLECTIONS**

This season, we are adding new collections in lighting, floral, mirrors, hand-carved sculptures, accessories, furniture pieces, and an ever-expanding collection of great art and mirrors. Each section that you see in this catalog has much more available online and at the upcoming shows, and the website is being added every couple of weeks.

- **Pricing that makes dollars and sense.**

It starts with great art and accessories that people actually would want to buy and teams them with prices that most of your customers can actually afford to buy.

Your walls and accessories should be more than enhancing your furniture... they should be making you money. Strong product and great pricing help make this happen.

Prices in the catalog are coded as part of the Item Number that appears next to each item. The first number is the actual item number. After the dash is a letter signifying the category (i.e. Art, Ceramics, etc.) followed by the price in dollars and cents without the decimal. After the second dash is the case quantity minimum purchase of that item.

- **Low minimum and Freight caps are available at levels that make sense.**

Banyan Designs minimums start at just \$500, and freight caps start at \$1,500. (most freight caps run 8-13% east of the Mississippi)

- **Who is Marshall Home and Garden?**

Banyan Designs is part of Marshall Home and Garden, which is also a complete lawn and garden collection that is available to purchase with the same order...so if you find a need for a few garden products to finish a project, feel free to jump over and add some with no added minimums.

- **We are good at this.**

We have become many furniture and accessories stores primary suppliers of art and decor for a reason. Give us a few minutes at the next show or online, and we are confident you will come away excited about what you will be bringing to your store this season.

See you there!

Dave
